Overall Length:

11.000 inches

Overall Height:

2.500 inches

Overall Width:

9.500 inches

Cubic Measure:

261.250 cubic inches

Wattage Rating:

50.000 watts

Storage Facility:

Preferred dock level heated warehouse controlled humidity

Voltage In Volts And Current Type:

100.0 ac

Functional Description:

Provides network access locally and remotely via dial-up for terminals, pcs, modems and printers into unix tcp/ip

General Description:

Multiprotocol communication server; 5-port; 4 full modem db25m; one printer port; self-load; lat optional

Type/model Designation:

P2504m-slt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
