End Application:

Switches

Product Name:

Procurve transceiver

Special Features:

100Mbps operation over multimode fiber-optic cable; is compatible with the IEEE 802.3u 100 base-FX standard; transmits at 1300 nm wavelength; length limits 2 kilometers for full-duplex connections and 412 meters for half-duplex connections

Shelf Life:

N/A

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23900
