Overall Length:

4.130 inches

Overall Height:

1.500 inches

Overall Width:

6.750 inches

End Application:

Navigational systems

Voltage In Volts And Current Type:

12.0 dc

Material:

Aluminum

General Description:

Time code driven ntp reference for ethernet lans and wans in compact, self-contain box

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
