End Application:

Single and multiple axis test table systems

Mounting Method:

Rack

Product Name:

Aero 900 test table controller

Special Features:

Used to control various single and multiple-axis test table systems; has digital pid control using 32-bit microprocessor, standard ieee-488 computer interface, rs-232 optional; up to three axes of enhanced performance per motion control card (mcc); front panel keypad and lcd monitor for convenient programming; programmable rate pulse output; sinusoidal motion profile; trapezoidal velocity profile

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A31700
