Overall Length:

6.000 inches

Overall Height:

1.750 inches

Overall Width:

8.750 inches

Current Rating:

0.500 amperes

Wattage Rating:

31.500 watts

Special Features:

Accelerates tcp/ip data traffic and applications, reduces latency and reduces band width; desk-top profile; 2 mbps wan capacity; optimizes 150 tcp connections; 60 gb total disk space; 35 gb data storage capacity; 512 mb ram; 2 bypass ports; 55 va; 107 btu; 32 t0 122 f operating temp; 1.5 ghz celeron processor; cisco, nortel, juniper, microsoft, open vpn compatibility; verison, at&t, sprint wireless pc card compatible

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
