Overall Length:

7.000 inches

Overall Height:

1.180 inches

Overall Width:

4.250 inches

End Application:

Network connectivity

Accessory Components And Quantity:

3com gigabit switch8 1; installation guide 1; power adapter 1; rubber feet 4; support/safety info sheet 1; warranty flyer 1

Wattage Rating:

6.500 watts

Features Provided:

Framed

Product Name:

3com gigabit switch8

Environmental Attribute Code:

Energy efficient - femp - office equipment - computers and comprehensive procurement guideline - paper and paper products - paperboard and packaging products

Special Features:

Gigabit switching; auto-speed sensing 10/100/1000mbps connectivity; full-duplex support of your network; fcc class b certified; ports-8 autosensing 10/100/1000 ethernet; media interfaces-8rj-45 10base-t/100base-tx/1000base-tx; ethernet switching-store and forward; full-half-duplex auto negotiation; 802.1p traffic prioritization(priority queing

Special Markings:

This equipment generates, uses and can radiate radio frequency energy

Post-consumer Recovered Materials Percentage:

40.0

Supplementary Features:

Auto mdi/mdix on every port; jumbo frame support up to 9k; front panel leds; operating system independence; plug and play; silent operation-no fan design

General Description:

Efficient way to create a network or expand an existing network

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fiig:

A23900
