Overall Length:

17.300 inches

Overall Height:

1.700 inches

Overall Width:

6.700 inches

End Application:

Network connectivity

Product Name:

3com baseline switch

Special Features:

Smart 3com baseline switch 2924-sfp plus is a web-managed layer 2 gigabit ethernet switch; vlans, ieee802.1x authentication and rapid spanning tree; 24 10/100/1000 ports and 4 dual-purpose gigabit ports (copper or sfp based fiber); builds a voice ready network with support for autovoice vlan, snmp-based management, igmp snooping and query; advanced access control lists (acls) for security; all ports perform at wirespeed; lacp link aggregation allows ports to auto grouped together to form ultra bandwidth connection

Supplementary Features:

48gbps switching capacity max; 35mpps forwarding rate max; includes switch unit, power cord, self-adhesive rubber pads, console cable, rack-mount kit, product cd, warrenty and safety info flyer

General Description:

Current rating 1.5a max; power dissipation 2867 btw/hr max

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fiig:

A23900
