Overall Length:

3.500 inches

Overall Height:

1.000 inches

Overall Width:

2.500 inches

Dc Voltage Rating:

28.0 volts

Product Name:

Airborne multimode transmitter, high efficiency

Special Features:

Frequency agail 1350.0 to 1535.0 mhz.; 0-20 watts output power; one rf tnc connector; temperature range minus 40 to plus 85 deg. C; I band

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T297-b
