Overall Height:

6.6 millimeters

Overall Width:

43.8 millimeters

Product Name:

Matrix ei optical access switch with 10 gigabit uplink

Special Features:

Switch bandwidth 22gbps, vlan capaci type 4096, flash memory 8mb, power system ac input power auto sensing 85vac to 264 vac, heat dissipation 163btu/hour, rack unit height 1.5 ru, media type supported: 1 gigabit eyhernet port, fixed ports, 1000base-sx, mt-rj connectors, modular ports, sfp mini gbic, 10 gigiabit ethernet ports, sc connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
