Width:

8.0 millimeters

Length:

112.0 meters

Product Name:

Tape electronic data processing 8.0 mm w x 12.0 mm l ditigal

Special Features:

Digital storage tape; used for archiving images made by computed tomography; the length of the tape allows for about 500 images to be archived

Supplementary Features:

Note to requisitioner: order quantity is 10 ea

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T297-c
