**General Description:**

Plus 5 volts dc, nom operating power, 300 ma operating currentshaft operating speed 1, 000 rpm max, minus 40 to plus 71 degrees c, operatingtemp range, plus 5 to plus 500 hz vibration resistance range, operatingaltitude, 30, 000 ft above sea level, four wire lead type terminals0.125 in. Nom shaft dia, shaft double flatted 0.130 in. From end of shaft0.320 in. Nom shaft lg, 2.055 in. Nom body lg, excluding shaft, 1.500 in. Odmted by three no.4-40 nom thd size holes equally spaced

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A23900
