

View Online at <https://aerobasegroup.com/nsn/7050-01-047-7334>

**End Application:**

W135b

**Special Features:**

D/a converter 12 bit unipolar or bipolar output, input ttl/dtl compatible binary offset binary code, output current 5ma, output voltage +1.2v, linearity porm 0.0125 pct, settling time to 0.05 pct 60 ns, operating temp 0/70 degrees c, power voltage porm 15vdc, size-2 in. Lg, 2 in. W, 0.41 in. Thk

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A50810
