

View Online at <https://aerobasegroup.com/nsn/7050-01-194-1699>

Special Features:

3 digit resolution; output voltage 0/-10v; binary coded decimal input code; porm 15vdc power supply; logic input current 1.6 ma; max non-linearity accuracy porm 1/2 lsb; unipolar mode only; temp range 0/+70 degrees c; 5.50vdc absolute maximum digital input voltage; pin lg 0.150 in. Min; max body dim. 2.02 in. Lg; 2.02 in. W, 0.41 in. H

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A50810
