Prime Mover Quantity:

1

Environmental Protection:

Any acceptable

Prime Mover Type:

Electric motor

Inclosure Type:

Open

Duty Cycle:

Continuous

Operation Method:

Powered

Cooling Method:

Air to air cooled

Special Features:

This assembly consists of a fast and slow speed capstan drives in matched sets

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A02800
