End Application:

Water chiller 130 tn, nscm 3ah11, for naval main refrigeration and air conditioning equipment

Component Type And Quantity:

8 module

Special Features:

Voltage 5...250 vac, 5...50 vdc; output current 2 amps max

Unpackaged Unit Weight:

0.132 kilograms

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A5110
