End Application:

Water chiller 130 tn, nscm 3ah11, for naval main refrigeration and air conditioning equipment

Component Type And Quantity:

4 module

Special Features:

Voltage 240 vac; input impedance 12 k ohms

Unpackaged Unit Weight:

0.150 kilograms

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A5110
