Overall Length:

4.150 inches

Overall Height:

0.790 inches

Overall Width:

2.000 inches

Operating Temperature Range:

+0.0/+50.0 degrees celsius

Indicator Type:

Indicating light

Features Provided:

Electromagnetic interference shielding and ruggedized

Unit Design:

Free standing

Voltage In Volts And Current Type:

110.0 ac

Product Name:

Interface converter

Interface Type:

Rs 232c and rs 422

Special Features:

Dip switch selectable, 200/120/75/none termination

Frequency In Hertz:

50.0 or 60.0

Unpackaged Unit Weight:

0.131 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A50810
