End Application:

Progmble logi

Component Type And Quantity:

1 module

Special Features:

Ethernet/ip interface module adds an ethernet port to a plc-5 processor. This port provides embedded tcp/ip communication capabilities that lets the plc-5 processor communicate with other plc-5 processors with ethernet ports and with host computers. This interface module adds a second ethernet port to an ethernet plc-5 processor. This interface module plugs into the side of the plc-5 processor and takes up the first i/o module slot.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
