**End Application:**

Progmbble logi

**Component Type And Quantity:**

1 module

**Special Features:**

Ethernet/ip interface module adds an ethernet port to a plc-5 processor. This port provides embedded tcp/ip communication capabilities that lets the plc-5 processor communicate with other plc-5 processors with ethernet ports and with host computers. This interface module adds a second ethernet port to an ethernet plc-5 processor. This interface module plugs into the side of the plc-5 processor and takes up the first i/o module slot.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fiig:**

A51110
