**Overall Length:**

3.100 inches

**Overall Height:**

1.100 inches

**Overall Width:**

1.500 inches

**End Application:**

Module, voltage

**Component Type And Quantity:**

1 module

**Product Name:**

Module, volt reg

**Special Features:**

Pmodule, vrm, slot2, jit spare, dc-dc point of load converter, programmable output, 12v inpu (standard) , meets vrm 8.3 rev. 1.0 specifications, has protection against over-voltage, over-current, and short circuiting.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A51110
