Overall Length:

8.860 inches

Overall Height:

18.750 inches

Overall Width:

10.880 inches

End Application:

Elevator control panel

Component Type And Quantity:

1 controller

Product Name:

Drive, 380-480vac, 25

Special Features:

The 1336 impact ac drive with force technology provides the precise motor speed and torque control necessary to handle some of the most demanding drive applications, including many that are typically reserved for dc drives.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A5110
