Overall Length:

8.200 inches

Overall Height:

1.720 inches

Overall Width:

19.000 inches

End Application:

Intra communication

Unpackaged Unit Weight:

4.200 pounds

Special Features:

Provides for ten twisted pair connections for mpc system data communication to control receivers and remote control panel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T122-b
