**Operating Temperature Range:**

-10.0/+70.0 degrees celsius

**Voltage In Volts And Current Type:**

24.0 dc

**Product Name:**

1-channel analog input module

**Special Features:**

1 channel analog input to 2 digital outputs through rs-485 interface

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A50810
