Overall Length:

7.760 inches

Overall Height:

1.340 inches

Overall Width:

4.450 inches

Operating Temperature Range:

-20.0/+50.0 degrees celsius

Power Source:

External

Rotor Speed In Rpm:

7200.0

Features Provided:

Ruggedized

Product Name:

Removable data storage unit

Memory Size:

250.0 gigabytes

Special Features:

Designed to plug into computer through raid and 8x storage subsystems

Supplementary Features:

3.50 inch drive

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A540x0
