Overall Length:

15.000 inches

Overall Height:

4.000 inches

Overall Width:

11.500 inches

End Application:

An/fps 132

Component Type And Quantity:

4 heatsink and 1 board

Special Features:

One of two motherboards that allows all the parts of the assembly to receive power and communicate with one another

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
