**End Application:**

Motor drive

**Current Rating:**

2000.000 milliamperes

**Voltage In Volts And Current Type:**

10.2 dc

**Product Name:**

Impulse generator

**Special Features:**

Drawing ia0113 rev03 and certificate for electrical motor to be used when ordering parts

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
