End Application:

Motor drive

Current Rating:

2000.000 milliamperes

Voltage In Volts And Current Type:

10.2 dc

Product Name:

Impulse generator

Special Features:

Drawing ia0113 rev03 and certificate for electrical motor to be used when ordering parts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
