Fabrication Method:

Link

Width:

18.000 inches

Thickness:

0.625 inches

Length:

30.000 inches

Usage Design:

For use on floors

Environmental Attribute Code:

Comprehensive procurement guideline - miscellaneous products - mats

Special Features:

Recycled content 80% from recycled car tires

Color:

Natural

Material:

Rubberized fabric w/steel wire

Material:

Rubberized fabric w/steel wire

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T259-c
