Fire Retarding Characteristic:

Not fire retarding

Width:

333.0 millimeters

Thickness:

2.5 millimeters

Length:

333.0 millimeters

Filling Material:

Plastic, polyethylene

End Application:

Limestone chiltern, stratica tile

Nonsparking Provision:

Not included

Color Pattern:

Textured

Wall Surface Usage Feature:

Not included

Product Name:

Polyvinylchloride (pvc) free resilient flooring

Special Features:

Edge bevelled

Color:

Beige, quarry

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T259-g
