Overall Height:

19.000 inches

Capacity:

5.0 gallons

Spout Opening Diameter:

2.250 inches

Fill Opening Diameter:

2.250 inches

Liquid For Which Designed:

Decontaminating liquid

Features Provided:

Flexible pouring spout

Product Name:

Decon solution potable eductor assembly

Special Features:

Can yellow in color; assembly includes solution tank 1; adapter 1; quick connect female coupler 2; eductor valve with 60-inch suction line 1; reducers 1/2 to 1/4 mpt 2; quick connect male coupler 1; cordura carry bag 1

Material:

Plastic

Specification Data:

96906-mil-prf-53109 government standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541w0

Mil-std (military Standard):

Mil-prf-53109 spec.
