Frequency Rating:

60.0 hertz

Pressure Rating:

30.0 pounds per square inch

Voltage Rating:

208.0 volts

Cover:

Provided

Capacity Rating:

40.0 gallons

Tilting Feature:

Not included

Safety Valve:

Included

Steam Inclosure Type:

Fully jacketed

Inner Container Diameter:

25.500 inches

Inner Container Depth:

22.300 inches

Phase:

Three

Special Features:

Electrically heated

Material:

Steel, stainless

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T281-j
