Frequency Rating:

60.0 hertz

Pressure Rating:

30.0 pounds per square inch

Specific Gas For Which Designed:

Natural gas

Voltage Rating:

115.0 volts

Cover:

Provided

Capacity Rating:

40.0 gallons

Heating Element Type:

Gas

Safety Valve:

Included

Steam Inclosure Type:

Fully jacketed

Inner Container Diameter:

25.500 inches

Inner Container Depth:

22.300 inches

Criticality Code Justification:

Bdxj

Phase:

Single

Material:

Steel, stainless

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T281-j
