**Frequency Rating:**

60.0 hertz

**Pressure Rating:**

30.0 pounds per square inch

**Voltage Rating:**

480.0 volts

**Cover:**

Provided

**Capacity Rating:**

30.0 gallons

**Tilting Feature:**

Not included

**Safety Valve:**

Included

**Steam Inclosure Type:**

Fully jacketed

**Inner Container Diameter:**

23.000 inches

**Inner Container Depth:**

20.300 inches

**Criticality Code Justification:**

Bblt

**Phase:**

Three

**Special Features:**

Electrically heated; designed for shipboard use

**Material:**

Steel, stainless

**Material:**

Stainless steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T281-j
