Mounting Type:

Floor

Overall Depth:

38.500 inches

Overall Width:

20.000 inches

Frequency Rating:

60.0 hertz

Maximum Power Dissipation Rating:

12.0 kilowatts

Voltage Rating:

208.0 volts

Heating Method:

Electrically

Criticality Code Justification:

Bdwt

Environmental Attribute Code:

Energy efficient - energy star - commercial food service - commercial fryers

Phase:

Single

Special Features:

35 lbs fry compound capacity

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T281-e
