## **Overall Length:**

86.000 inches

# **Overall Height:**

36.000 inches

## **Overall Width:**

34.000 inches

## Current Type:

Ac

## Frequency Rating:

60.0 hertz

## Voltage Rating:

240.0 volts

## Heating Method:

Electrically

## **Opening Shape And Quantity:**

6 rectangular

#### Phase:

Single

#### **Special Features:**

Stainless steel w/8 in. Wide poly cutting board; w/6 in. Legs and open base; w/individual drains with gate valves

#### Shelf Life:

N/a

#### Unit Of Measure:

---

#### Demilitarization:

No

#### Fiig:

T281-c
