Overall Length:

23.000 inches

Overall Height:

7.750 inches

Overall Width:

15.000 inches

End Application:

Well, hot food

Current Rating:

12.500 amperes

Wattage Rating:

1500.000 kilowatts

Voltage In Volts And Current Type:

120.0 ac

Product Name:

Hot food well top mount insulated

Special Features:

Unit may be used wet or dry, thermostatic control with 36 inch capillar (effective length 26 inches) , large indicating pilot light. Drain optional.

Material:

Stainless steel type 304

Supplementary Features:

Inside dimensions length 19-7/8 inches, width 11-7/8 inches, height 6-1/4 inches.

Type/model Designation:

Hfw-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
