Mounting Type:

Table

Maximum Power Dissipation Rating:

1100.0 watts

Compartment Quantity:

1

Operating Control Type:

Push button

Design Type:

One-piece

Temperature Indicating Device:

Not included

Heating Method:

Electrically

Special Features:

Total cubic feet 1.4; material stainless steel; end item submarine type 212a

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T281-e
