General Description:

The tray ration heater accessory steamer basket consists of two perforated stainless steel baskets designed to sit atop the removable tray pack rack in the tray ration heater. The steamer basket set is capable of preparing an assortment of food products such as hard cooked eggs, fresh vegetables, fresh seafood, chicken and any food item that can be prepared by low pressure steaming. This tray ration heater accessory item expands the production capabilities of the tray ration heater to meet the availability of rations other than ugr h&s.
