Voltage Rating:

Between 129.0 volts and 240.0 volts

Special Features:

Durable steel body, tough powder-coat finish, safety-yellow color ensures high visibility, spring- latch tightly secures insulated lid, made in the usaup to 20 lbs / 10 kg of electrodes can be stabilized at once

Supplementary Features:

ENDI-TE-M49-2001

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T281-c
