Overall Length:

43.000 inches

Overall Height:

74.250 inches

Overall Width:

43.130 inches

Voltage In Volts And Current Type:

120.0 ac

Special Features:

Temperature range of 100-450 deg.F; 30 gallon capacity; ignition indicator light; 80,000 btu/hr; propane gas; 120vols, single phase, 60 hertz; shipping weight: 630 lbs

Material:

Number 4 10 gauge stainless steel

Surface Treatment:

Number 4 10 gauge stainless steel

General Description:

For additional charge, accessories available: faucets, etched markings, draw off valves

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
