Overall Length:

34.000 inches

Overall Height:

74.750 inches

Overall Width:

30.000 inches

Wattage Rating:

2000.000 watts

Voltage In Volts And Current Type:

120.0 ac

Special Features:

Controlled humidity heated holding and proofing cabinet; continuous monitoring of temp. And humidity; digitally controlled, with alarms; four casters w/5in. Donut wheel; full solid /dutch full solid door.

Material:

Aluminum and stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
