Height:

18.000 inches

Current Type:

Ac

Frequency Rating:

60.0 hertz

Maximum Power Dissipation Rating:

5600.0 watts

Voltage Rating:

208.0 volts

Heating Method:

Electrically

Product Name:

Conveyor oven

Depth:

31.375 inches

Phase:

Single

Special Features:

Conveyor feed; temp adjustable from 200 degrees f to 550 degrees f; conveyor speed adjustable from 1 - 24 minute cooking time; factory installed cord with nema 6-50 plug; seperate circuit breaker required

Width:

50.000 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T281-e
