Current Rating:

2.100 amperes

Wattage Rating:

250.000 watts

Voltage In Volts And Current Type:

120.0 ac

Product Name:

Airtronic stock pot station

Special Features:

Heat source is airtronic burner nsn 7310-01-442-8340; fuel is jp8 and all other distillate fuels and biodiesel; 49 in high x 34 in wide x 36.5 in deep; add 6 in heigh if castered

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
