Frequency Rating:

60.0 hertz

Voltage Rating:

120.0 volts

Dispensing Pressure Type:

Water supply line

Phase:

Single

Special Features:

Quick dispenses with 1.0 to 1.5 ounces per second flow rate; width 15 in; height 33.1 in; depth 24 in; material stainless steel; shipping weight 129 lbs; refrigerant r-134a

Supplementary Features:

Project name manda bay

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T235-c
