**Frequency Rating:**

60.0 hertz

**Voltage Rating:**

120.0 volts

**Dispensing Pressure Type:**

Water supply line

**Phase:**

Single

**Special Features:**

Quick dispenses with 1.0 to 1.5 ounces per second flow rate; width 15 in; height 33.1 in; depth 24 in; material stainless steel; shipping weight 129 lbs; refrigerant r-134a

**Supplementary Features:**

Project name manda bay

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T235-c
