Automatic Coffee Maker - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/7310-01-603-3597

Voltage Rating: 120.0 volts Integral Heating Element: Included Spigot: Not included Liquid Capacity Rating: 28.40 liters Special Features: Brews 14.4 to 28.4 liters of perfect coffee per hour; accepts thermal carafe up to 8.5 inches tall; use in quick turn environment where quality coffee is continuously refreshed; models are space saving 9 inches wide; hot water faucet on all models; splashgard funnel hot liquids away from the hand; cwff model has pourover feature; automatically adjusts to varying water pressure; quicker install we level, cold brew lock-out and tank temperature set using the simple to program touch pad controls; faster service by use of feedback information from built in electronic diagnostics Material: Steel, stainless Material: Stainless steel Shelf Life: N/a Unit Of Measure: Demilitarization: No	
Included Spigot: Not included Liquid Capacity Rating: 28.40 liters Special Features: Brews 14.4 to 28.4 liters of perfect coffee per hour; accepts thermal carafe up to 8.5 inches tall; use in quick turn environment where quality coffee is continuously refreshed; models are space saving 9 inches wide; hot water faucet on all models; splashgard funnel hot liquids away from the hand; cwtf model has pourover feature; automatically adjusts to varying water pressure; quicker install we level, cold brew lock-out and tank temperature set using the simple to program touch pad controls; faster service by use of feedback information from built in electronic diagnostics Material: Steel, stainless Material: Stainless steel Shelf Life: N/a Unit Of Measure: Demilitarization:	
Included Spigot: Not included Liquid Capacity Rating: 28.40 liters Special Features: Brews 14.4 to 28.4 liters of perfect coffee per hour; accepts thermal carafe up to 8.5 inches tall; use in quick turn environment where quality coffee is continuously refreshed; models are space saving 9 inches wide; hot water faucet on all models; splashgard funnel hot liquids away from the hand; cwtf model has pourover feature; automatically adjusts to varying water pressure; quicker install we level, cold brew lock-out and tank temperature set using the simple to program touch pad controls; faster service by use of feedback information from built in electronic diagnostics Material: Steel, stainless Material: Stainless steel Shelf Life: N/a Unit Of Measure: — Demilitarization:	
Spigot: Not included Liquid Capacity Rating: 28.40 liters Special Features: Brews 14.4 to 28.4 liters of perfect coffee per hour; accepts thermal carafe up to 8.5 inches tall; use in quick turn environment where quality coffee is continuously refreshed; models are space saving 9 inches wide; hot water faucet on all models; splashgard funnel hot liquids away from the hand; cwtf model has pourover feature; automatically adjusts to varying water pressure; quicker install well-level, cold brew lock-out and tank temperature set using the simple to program touch pad controls; faster service by use of feedback information from built in electronic diagnostics Material: Steel, stainless Material: Stainless steel Shelf Life: N/a Unit Of Measure: Demilitarization:	
Not included Liquid Capacity Rating: 28.40 liters Special Features: Brews 14.4 to 28.4 liters of perfect coffee per hour; accepts thermal carafe up to 8.5 inches tall; use in quick turn environment wher quality coffee is continuously refreshed; models are space saving 9 inches wide; hot water faucet on all models; splashgard funnel hot liquids away from the hand; cwtf model has pourover feature; automatically adjusts to varying water pressure; quicker install w level, cold brew lock-out and tank temperature set using the simple to program touch pad controls; faster service by use of feedback information from built in electronic diagnostics Material: Steel, stainless Material: Stainless steel Shelf Life: N/a Unit Of Measure: Demilitarization:	
Liquid Capacity Rating: 28.40 liters Special Features: Brews 14.4 to 28.4 liters of perfect coffee per hour; accepts thermal carafe up to 8.5 inches tall; use in quick turn environment wher quality coffee is continuously refreshed; models are space saving 9 inches wide; hot water faucet on all models; splashgard funnel hot liquids away from the hand; cwtf model has pourover feature; automatically adjusts to varying water pressure; quicker install w level, cold brew lock-out and tank temperature set using the simple to program touch pad controls; faster service by use of feedbac information from built in electronic diagnostics Material: Steel, stainless Material: Stainless steel Shelf Life: N/a Unit Of Measure: Demilitarization:	
Special Features: Brews 14.4 to 28.4 liters of perfect coffee per hour; accepts thermal carafe up to 8.5 inches tall; use in quick turn environment wher quality coffee is continuously refreshed; models are space saving 9 inches wide; hot water faucet on all models; splashgard funnel hot liquids away from the hand; cwtf model has pourover feature; automatically adjusts to varying water pressure; quicker install w level, cold brew lock-out and tank temperature set using the simple to program touch pad controls; faster service by use of feedbac information from built in electronic diagnostics Material: Steel, stainless Material: Stainless steel Shelf Life: N/a Unit Of Measure: Demilitarization:	
Special Features: Brews 14.4 to 28.4 liters of perfect coffee per hour; accepts thermal carafe up to 8.5 inches tall; use in quick turn environment wher quality coffee is continuously refreshed; models are space saving 9 inches wide; hot water faucet on all models; splashgard funnel hot liquids away from the hand; cwtf model has pourover feature; automatically adjusts to varying water pressure; quicker install w level, cold brew lock-out and tank temperature set using the simple to program touch pad controls; faster service by use of feedback information from built in electronic diagnostics Material: Steel, stainless Material: Stainless steel Shelf Life: N/a Unit Of Measure: Demilitarization:	
Brews 14.4 to 28.4 liters of perfect coffee per hour; accepts thermal carafe up to 8.5 inches tall; use in quick turn environment wher quality coffee is continuously refreshed; models are space saving 9 inches wide; hot water faucet on all models; splashgard funnel hot liquids away from the hand; cwtf model has pourover feature; automatically adjusts to varying water pressure; quicker install w level, cold brew lock-out and tank temperature set using the simple to program touch pad controls; faster service by use of feedbac information from built in electronic diagnostics Material: Steel, stainless Material: Stainless steel Shelf Life: N/a Unit Of Measure: — Demilitarization:	
quality coffee is continuously refreshed; models are space saving 9 inches wide; hot water faucet on all models; splashgard funnel hot liquids away from the hand; cwtf model has pourover feature; automatically adjusts to varying water pressure; quicker install w level, cold brew lock-out and tank temperature set using the simple to program touch pad controls; faster service by use of feedback information from built in electronic diagnostics Material: Steel, stainless Material: Stainless steel Shelf Life: N/a Unit Of Measure: Demilitarization:	
hot liquids away from the hand; cwtf model has pourover feature; automatically adjusts to varying water pressure; quicker install w level, cold brew lock-out and tank temperature set using the simple to program touch pad controls; faster service by use of feedback information from built in electronic diagnostics Material: Steel, stainless Material: Stainless steel Shelf Life: N/a Unit Of Measure: Demilitarization:	e up to 8.5 inches tall; use in quick turn environment where high
level, cold brew lock-out and tank temperature set using the simple to program touch pad controls; faster service by use of feedback information from built in electronic diagnostics Material: Steel, stainless Material: Stainless steel Shelf Life: N/a Unit Of Measure: Demilitarization:	s wide; hot water faucet on all models; splashgard funnel deflects
information from built in electronic diagnostics Material: Steel, stainless Material: Stainless steel Shelf Life: N/a Unit Of Measure: Demilitarization:	tically adjusts to varying water pressure; quicker install with pot
Material: Steel, stainless Material: Stainless steel Stainless steel Shelf Life: N/a Unit Of Measure: Demilitarization:	gram touch pad controls; faster service by use of feedback
