Mounting Type:

Floor

Current Type:

Ac

Frequency Rating:

50.0 hertz

Voltage Rating:

220.0 volts

Water Circulating Feature:

Included

Phase:

Single

Special Features:

Generic nsn

Specification Or Standard:

B size and 2 style

Departure From Cited Designator:

Modified by stainless steel o/a, voltage rating, frequency rating, phase and w/w aste disposer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T281-a
