Frequency Rating:

50.0 hertz

Operational Direction:

Right-hand

Voltage Rating:

220.0 volts

Feed Type:

Conveyor

Heating Method:

Electrical

Conveyor Type:

Rack

Rack Quantity Per Hour:

244

Phase:

Three

Special Features:

Stainless steel; w/25 kw electric tank heat; w/58.5 kw externally mounted electric booster heater; automatic fill; energy saving auto-timer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T281-h
