Overall Height:

38.000 inches

Overall Width:

54.000 inches

End Application:

High demand print system

Current Rating:

16.000 amperes

Wattage Rating:

100.000 watts

Product Name:

Auto printer

Special Features:

Led printer with hdp plus technology; 13 d size prints per minute; 600 dpi resolution; 4 roll media capacity; tcp/ip network protocol standard

Supplementary Features:

Auto cad drivers; windows drivers; web-based; powerscript interprets complex postscript level 3 for eps pd pdf; scan to file system or network printer; includes powerprint software

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
