Material Transparency:

Clear

Width:

1.000 inches

Length:

72.0 yards

Min. Tensile Strength (psi):

40 pounds per square inch

Core Diameter:

3.000 inches

Nominal thickness:

0.0033 inches

Adhesive Location:

One side

Color:

Colorless

Specification Data:

81346-astm d 5486/d 5486m professional/industrial association standard

Specification Or Standard:

1 type and 2 class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A14300
